

LEWIS COLLEGE (UG-LCHS)

LCHS 100

Introduction to the Professions

This course is designed for students who are majors in the Departments of Psychology, Humanities, or Social Sciences. or who are undecided about their major. Students will learn about professions in the context of different industries related to majors in those Departments, including entry points for each industry and the career opportunities associated with different sectors. Students will be provided assessments of their abilities and interests to inform their thinking about career paths that represent a best fit.

Lecture: 2 Lab: 0 Credits: 2

Satisfies: Communications (C)

LCHS 201

Introduction to Science, Technology, and Society

As societies demand, embrace, adapt and reject scientific knowledge and technologies, they reshape the ways that knowledge and technology are produced. The effects are felt in all aspects human identity and interests: from the ways we live our everyday lives, to our understanding of who and what we are, to the making of political decisions of global proportions. This course—drawing from the social sciences and humanities—prepares students to think critically about the human relationships and institutions that make and are remade by scientific and technological change.
